

Introducing Orkestra™ Intrinsic® brand fungicide

Let the performance begin

For fast and long-acting disease control, add **Orkestra Intrinsic** brand fungicide to your greenhouse disease-resistance management program. Two modes of action perform in unison for protection against top-of-mind diseases like *Botrytis* spp., rust, powdery mildew, and *Thielaviopsis* spp.* **Orkestra Intrinsic** brand fungicide, used during mid-production, provides effective disease control and plant health benefits, including stronger roots and improved plant resilience to stress.

Featuring **Xemium**® fungicide, a new BASF active ingredient, **Orkestra Intrinsic** brand fungicide provides highly effective control of foliar and soilborne diseases.

* Provides suppression of *Thielaviopsis* spp.

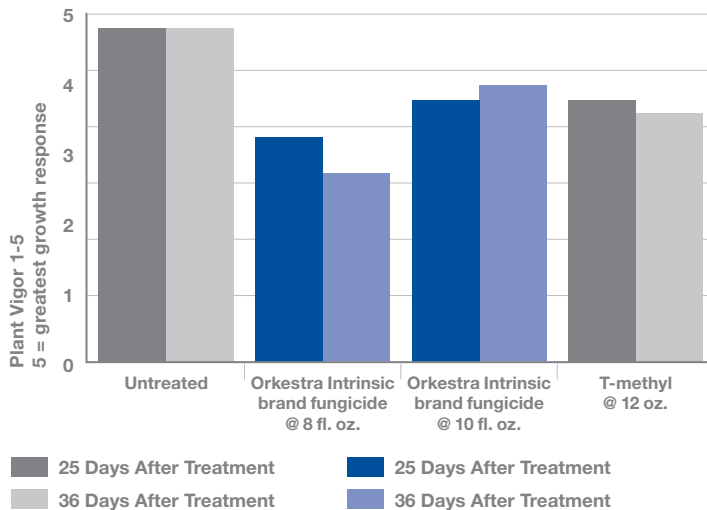

Rely on **Orkestra Intrinsic** brand fungicide for healthier, more consistent, high quality plants in your greenhouse.

- **Effective disease control:** Controls a broad spectrum of key diseases; formulated with translaminar stability to stay where diseases occur and also systemic acropetal movement
- **Dual modes of action:** Features two modes of action for greater efficacy and resistance management
- **Plant health benefits:** Delivers plant health benefits to help speed recovery from stressors like cold, heat, drought, and shipping

Effective disease control

- **Orkestra™ Intrinsic®** brand fungicide provides preventive, early curative, and residual control of key ornamental diseases, quickly stopping the growth of fungal cells
- Soilborne diseases controlled with drench applications are managed on 7-28 day intervals, depending on disease pressure and environmental conditions

Resilience to *Thielaviopsis* spp. Observed with Orkestra Intrinsic Brand Fungicide After Treatment on Viola

J. Beckerman, Purdue University, 2015. BASF-sponsored trial.¹

Gray Mold (*Botrytis cinerea*) Sporulation Controlled in Geranium

M. Hausbeck, Michigan State University, 2015. IR-4 sponsored trial.²

Control of *Myrothecium* Leaf Spot (*Myrothecium roridum*) on Dieffenbachia

Legend:
 ■ Untreated Inoculated
 ■ Orkestra Intrinsic brand fungicide @ 8 fl. oz.
 ■ Orkestra Intrinsic brand fungicide @ 10 fl. oz.
 ■ Heritage @ 4 oz.

D. Norman, University of Florida, 2014. BASF-sponsored trial.³

Control of *Puccinia* spp. on Snapdragon

Legend:
 ■ Untreated
 ■ Untreated Inoculated
 ■ Orkestra Intrinsic brand fungicide @ 6 fl. oz.
 ■ Orkestra Intrinsic brand fungicide @ 8 fl. oz.

Dr. G. Chastagner, Wash State Univ., 2015. Application: 10-5, 10-19, 11-4, 11-19. BASF-sponsored trial.⁴

Orkestra Intrinsic controls the following foliar, crown, and soilborne diseases:

- Anthracnose
- Downy mildew
- Leaf spot
- Powdery mildew
- Rust
- Soilborne disease
- Crown and basal rot
- Flower and petal blight
- Phytophthora aerial blight
- Rot, blight
- Scab
- Stem or twig blights and dieback
